ATTACHMENT D BURN REPORT

Date of prescribed burn: Time set: Time completed: Fire planner name: Fire leader name: Total number personnel in fire crew: B. Weather & Vegetation Conditions Vegetation stage (cured, transitional, green): Wind speed at start: Wind direction at start: Wind direction at start: Temperature at completion: Humidity at start: Humidity at start: Humidity at completion: C. Fire Summary Type fire used (head, back, strip back, ring, combination): Fire escapes or problems of note: Summarize immediate results (litter reduction, areas of incomplete burn, etc.): Recommendations for future burning or management: (signature) (date)	A. Operational Data			
set:	Date of prescribed burn:		Acres burned:	
Fire leader name: Total number personnel in fire crew: B. Weather & Vegetation Conditions Vegetation stage (cured, transitional, green): Wind speed at start: Wind direction at completion: Wind direction at start: Temperature at start: Humidity at start: Humidity at completion: C. Fire Summary Type fire used (head, back, strip back, ring, combination): Fire escapes or problems of note: Summarize immediate results (litter reduction, areas of incomplete burn, etc.): Recommendations for future burning or management: Burn report completed by:
